

May 2020

Dear Pilgrims' Way Primary School

Our names are Georgia, Millie, Bethanie, Ella, Olivia and Erica, and we make up a class of 'Arts in Education' (B.A. Hons.) students at Canterbury Christ Church University, currently completing our first year of study. It is with great pleasure that we are able to bring to you a unique arts' project that we have designed for ALL your pupils, their families and your school staff, to get involved in.

We have named this project '**PlayfulPilgrimsCREATE**' and it will run through May and June 2020, with the aim to engage you all in further creativity, exploration and imaginative thinking...and especially whilst we may continue in 'lockdown'.

Starting on Monday 11<sup>th</sup> May, we shall offer - **on a fortnightly basis** - arts' tasks that may be undertaken, completed and recorded during the consecutive fourteen days. It has been agreed that your **school website** will be the central hub of information for the delivery of this project, and any related interaction; Mrs Campbell and Mr Hawthorn-Nelson will be your school's liaison and point of contact.

Over an eight-week period, four arts' sessions, with suggested tasks, will be delivered by us through your website; any work undertaken by your families can be submitted by [clicking here](#), as well as being recorded in 'journals' at home. Our commitment to **total inclusivity** is paramount and, therefore, we encourage your children, families and staff to use whatever materials they have to hand - at home - interpreting and completing the tasks in their own unique and creative ways.

Here follows our planned schedule of arts' sessions:

**SESSION ONE: Spaces & Places to commence Monday 11<sup>th</sup> May**

**SESSION TWO: Pick 'n' Mix to commence Monday 25<sup>th</sup> May**

**SESSION THREE: Sounds & Patterns to commence Monday 8<sup>th</sup> June**

**SESSION FOUR: Memories & Stories to commence Monday 22<sup>nd</sup> June**

Alongside these four sessions, we shall also offer a session of '**Well-being**' each time... as well as a related **story** to relax to.

We are very excited and grateful to be working with you all, and very much look forward to presenting this arts' initiative to you, with the hope that many of you will take it up and enjoy it very much!

With best wishes

Georgia, Millie, Bethanie, Ella, Olivia & Erica
