

Year 5

Chameleon Class

Hello and welcome to our new class!

This will be my second class at Pilgrims' Way and I can't wait! Luckily I know quite a few of you when you were in Year 3 and I will enjoy getting to know those that are new to Pilgrims' Way.

I love to spend time with my family, walk my dog on the beach and also enjoy swimming in the sea, all year!

I like to up-hold the school values and will expect everyone to do the same. Let's respect each other, be resilient, have positive attitudes and aspire to succeed.

Year 5 will be a challenging year but together we will learn interesting new topics, work hard on our writing and have a fantastic year.

Our new class name is Chameleon Class.

Did you know that Chameleons are a distinctive and highly specialised lizard and there are 200 species. They are known for changing their colour to blend in with their surroundings. They live in Africa and Asia.
